Community Compliments

The North Vancouver District Public Library is an organization that prides itself on being responsive and adaptive. As such, we truly value feedback from our patrons! **From collection requests, to feedback about opportunity areas, to praise for staff, services and programs—we love to hear it all.** The Library has received a lot of fantastic comments from our community members over the last several months. So many, in fact, that we decided we needed to share them! Here's a selection of some wonderful words that inspire us to continue connecting our community and fostering knowledge in our local residents.

"Best library ever, Thanks!"

"The design of the table and benches is nice. It allows for more children to colour, read and sit together and allows for the caregivers & parents to engage in conversation with each other."

"Love the new Natural Pod furniture in the children's area at Cap. The new benches with cushions are really comfortable!"

"Awesome!!! Love the great selection of books to audio books!"

"The North Van Library is fortunate to have such a wonderful member of staff, and should be proud."

"Always easy to find a title and have it put aside for me. Wonderful service and always with a smile. Thank you NVDL and the Capilano branch."

"I love the new vibrancy of the library: Community involvement posters, workshops, the wealth of materials. Thank you."

"Thank you so very much for the PTSD Workbook. Public libraries save lives :) So enlightening and so wonderful to be properly educated AT LAST!"
